Provides a summary of 12 criteria for worker training in accordance with the Worker Protection Standards.

#4: Criteria For Handler Training

Provides a summary of 14 criteria for handler training in accordance with the Worker Protection Standards.

#5: Structural Pest Control Commission AAC R4-29-313

Provides a copy of the rules from the Arizona Administrative Code regarding Pesticide Storage Facilities.

#6: Cleaning Instructions For Pesticide Contaminated Personal Clothing

Provides step by step instructions for the cleaning of personal clothing worn while applying pesticides.

#7: Exception For Irrigation Activities

Provides an explanation of the latest EPA update regarding early-entry irrigation activities.

#8: Exception For Limited Contact Activities

Provides an explanation of the latest EPA update regarding limited contact activities.

#9: Reduced Restricted Entry Interval For Low Risk Pesticides

Provides an explanation of the latest EPA update regarding reentry when low risk pesticides are applied.

#10: Working Safely With Pesticide Equipment

Provides an example of how and what information needs to be made available to persons working on pesticide application equipment.

#11: Pesticide Application Log

Provides a working log sheet for keeping accurate records of restricted use pesticide applications.

#12: Agricultural Safety Pesticide Training Record

Provides a working log sheet for keeping accurate records of pesticide training in accordance with WPS requirements.

#13: A Basic Program For Controlling Heat Stress

Provides an eight step program for controlling heat stress in agricultural environments. Attachment #39 provides this information in Spanish.

#14: Pesticide Use Reporting For Groundwater Concerns

Provides guidance as to when the reporting of applications of soil applied pesticides containing active ingredients which are on the Ground Water Protection List is required.

#15: Personal Protective Equipment (PPE) Definitions

Provides a detailed list and definition for each item of Personal Protective Equipment (PPE).

#16: Worker Protection Standard: Pesticide Handler Definition

Provides a thorough definition of who should be trained as a pesticide handler.

#17: Personal Protective Equipment (PPE) Cleaning Instructions

Provides step by step instructions for safely and properly cleaning various pieces of PPE.

#18: Personal Protective Equipment (PPE) Maintenance Instructions

Provides step by step instructions for safely and properly maintaining various pieces of PPE.

#19: Custom Applicators

Provides information to agricultural owners & operators who hire custom applicators.

#20: Special Application Restrictions In Greenhouses

Provides worker employers information regarding greenhouse pesticide application restrictions.

#21: Agricultural Establishment Owners & Operators

Provides information required by owners & operators to employers of crop advisors.

#22: Requirements For Warning Signs

Provides WPS information regarding criteria for the design of warning posting signs.

#23: Decontamination Sites

Provides WPS requirements of decontamination sites for workers and handlers.

#24: WPS Requirements: Information At a Central Location

Provides detailed listing of central location information requirements

#25: Who Must Protect Workers And Handlers?

Provides WPS information regarding WPS employee protection.

#26: Protections For Crop Advisors

Provides WPS information regarding protection for crop advisors.

#27: Emergency Assistance

Provides WPS information regarding emergency assistance for workers and handlers.

#28 Pesticide Handler Training

Provides written acknowledgment of individual employee receiving training as Pesticide Handler. Attachment #29 provides this information in Spanish.

#29 Pesticide Handler Training

Provides written acknowledgment of individual employee receiving training as Pesticide Handler in Spanish.

#30 Agricultural Worker Training

Provides written acknowledgment of individual employee receiving training an agricultural worker. Attachment #31 provides this information in Spanish.

#31 Agricultural Worker Training

Provides written acknowledgment of individual employee receiving training an agricultural worker in Spanish.

#32 Language of the Fields

Provides some common terms used in the fields not easily found in dictionaries or text translators used by workers on agricultural jobs.

#33 Agricultural Employer Poster Posting Requirements

Listing of posters required of Arizona businesses to post to be in compliance with state and federal regulations.

Provides a written summary of the illness signs, symptoms, cause, problem and treatment for heat illness and first aid measures. Attachment #36 provides this information in Spanish.

#36 Heat Illness and First Aid Measures

Provides a written summary of the illness signs, symptoms, cause, problem and treatment for heat illness and first aid measures in Spanish.

#37 Heat Exhaustion & Pesticide Poisoning Symptoms Comparison

Provides a comparison of symptoms of heat exhaustion and organophosphate \ carbamate pesticide poisoning. Attachment #38 provides this information in Spanish.

#38 Heat Exhaustion & Pesticide Poisoning Symptoms Comparison

Provides a comparison of symptoms of heat exhaustion and organophosphate \ carbamate pesticide poisoning in Spanish.

#39 A Basic Program For Controlling Heat Stress

Provides an eight step program for controlling heat stress in agricultural environments in Spanish.

#40 Definitions and Employers Responsibilities for Employees Field Sanitation

Provides DES definitions and the employers responsibilities for the employees daily drinking water and toilet facility requirements.

#41 Disposing of Empty Pesticide Containers

Provides recommendations for proper disposal of empty pesticide containers.

#42 Worker Protection Standard Emergency Information

Provides a single sheet to record the WPS required medical emergency information in both English and Spanish.

#43 Worker Protection Standard Emergency Optional Information

Provides a single sheet to record optional medical emergency information in both English and Spanish.

#44 Pesticide Storage Area Sign

Provides notification of your pesticide storage facility in both English and

Spanish.

#45 Preventing Back Injuries / Landscape Safety Series

Practices to assist employees to prevent back injuries while on the job. Attachment #46 provides this information in Spanish.

#46 Preventing Back Injuries / Landscape Safety Series

Practices to assist employees to prevent back injuries while on the job in Spanish.

#47 Pesticide Safety for the Landscaper / Landscape Safety Series

Safety precautions for the landscaper to follow when purchasing pesticides. Attachment #48 provides this information in Spanish.

#48 Pesticide Safety for the Landscaper / Landscape Safety Series

Safety precautions for the landscaper to follow when purchasing pesticides in Spanish.

#49 Pesticides and Child Safety

Safety precautions to follow when using or storing pesticides around children. Attachment #50 provides this information in Spanish.

#50 Pesticides and Child Safety

Safety precautions to follow when using or storing pesticides around children in Spanish.

#51 Agricultural Safety Pesticide Training Record

Provides a working log sheet for keeping accurate records of pesticide training in accordance with WPS requirements in Spanish.

#52 WPS Pesticide Application Log

Provides a working log sheet for keeping accurate records of pesticide application for workers information in accordance with WPS requirements in Spanish.

#53 Pesticide Spill Emergency Procedures

Emergency procedures to follow whenever a pesticide spill occurs.

#54 Record and Post Pesticide Applications

Reminder notice to record and post pesticide applications for WPS compliance.

#55 Basic Pesticide Safety Training

Provides a summary of criteria for basic pesticide safety training in accordance with the WPS. Attachment #56 provides this information in Spanish.

#56 Basic Pesticide Safety Training

Provides a summary of criteria for basic pesticide safety training in accordance with the WPS in Spanish.

#57 Cleaning Instructions For Pesticide Contaminated Personal Clothing

Provides step by step instructions for the cleaning of personal clothing worn while applying pesticides in Spanish.

#58 Basic WPS Pesticide Safety Training

Provides written acknowledgment of individual employee receiving basic pesticide safety training. Attachment #59 provides this information in Spanish.

#59 Basic WPS Pesticide Safety Training

Provides written acknowledgment of individual employee receiving basic pesticide safety training in Spanish.

#60 Safe Operation of Farm Tractors

Provides a listing of safety procedures for the safe operation of farm tractors.
